

2. Housing

Conclusions

The majority of inhabitants of the Parish endorsed the objectives of the Local Plan and the policies from the County Structure Plan, in most cases overwhelmingly, as indicated by blue part of the chart.

The main concern is the extension of settlement boundaries.

A high proportion of families with young adults who would like to live in the Parish as they get older, feel there will not be suitable housing available at an affordable price.

Objectives

Ensure MHDC councillors and planning department are fully aware of the views of the inhabitants of the Parish

Ensure the Parish Council monitor all new developments and strategic plans and reflect the views of inhabitants in their comments.
