

3. Retail and Similar Services

Conclusions

- * Clearly the Hanley Swan Village Stores and the Butcher in Hanley Swan are very highly valued.
- * As far as the pubs go the Three Kings is highly valued but the Swan is regarded as detrimental to the Village.
- * Over 66% of those identifying the most important change they desired nominated the Swan as requiring fundamental change.
- * The most requested other services are a cashpoint/banking service and a mobile hairdresser.
- * 93% of households stated they were happy with the post delivery.

Objectives

- * Take up the issue of the Swan with the owners. In the event of a poor response consider what action could be taken to improve the situation.
- * Determine the extent to which other shops and services can be provided.
- * Ensure a list of services available with contact numbers are available on the Parish website, at the Post Offices and in the Parish Magazine.
